# WELCOME!

## Welcome to the 2<sup>nd</sup> year of the National Young Artist Summit!

National Youth Arts Summit, entirely designed and led by young people, provides opportunities for youth leaders, ages 13-20, from a range of artistic disciplines, to connect, create, and celebrate together by

- using arts and culture as a frame to approach social issues
- having discussions about advocacy and politics in the arts
- highlighting local perspectives that can also be applied to other communities
- representing diverse perspectives and populations
- growing collaborative practices with others
- being accessible to all ways people cognitively and physically move through space
- challenging conventional thinking, and offer different points of view
- confronting barriers that do not allow young artists to be their full self
